

Thank You, Donors!

Wow! So where do we begin? We are speechless - absolutely! How can we even hope to describe what we feel? But seriously, we write to express our deepest gratitude for your prayers and all the donations we received from you. Our work within this critically short time has improved tremendously almost by 300%.

- Our Churches have moved from 13, from our last visit, to 17. We can afford to adopt more mission fields and fund more follow ups and discipleship activities and help more poor folks.
- We have reached more children and we have been able to provide more quality food to the vulnerable children and girls in our care. More and more children are rescued.
- We are now able to cater more for our new converts. Just yesterday we started putting together a discipleship class which was not completed with the most recent donations. We hope to adopt 30 families and 40 young adults all new converts in the next two weeks. This is why we need more classes for discipleship. I will send pictures and details when this is done.
- We have been able to motivate our missionaries in the field. We were not able to pay them any stipend at some point but we are able to do so now far more effortlessly. Our barns are bursting with harvests of souls and we needed missionaries to take care of the opportunities presenting themselves. So you see why this funding is such a great relief.
- We are adopting 60 girls with the threat of forced marriages by next week. I have been in the villages this past week and rescuing girls who face the threat of forced marriages and forced conversion to Islam. Of particular note is a 13 year old girl to be soon married to a 57 year old man. Thankfully, we rescued her.
- We are also rescuing 20 male children with the threat of being used as domestic slaves.

Our overall aim is not only to rescue or plant Churches but it is also to raise a generation of disciples who will do even more than we are doing for the next and future generations. We are so excited that you have come on board to help us do what we believe God is doing among one the most persecuted nations of the world and reaching out to the most volatile people of our world - the Muslims! We thought love could win this battle and your donations is proving us right. Every single dollar communicates to us far more than the figure but every single dollar you donate is for us like the drop of Christ's blood - drops of mercy and of God's love to a lost and dying world without Christ.

If you have been following the news, you will know that persecution has heightened in the last two months but so are the opportunities and our resolve. Your help to fuel this resolve pushing us deeper into enemy territory and infiltrating the kingdoms of this world and making the kingdom of Christ and our Lord.

Here therefore is to thank you immensely and to let you know that this means a lot to us. We are by far more focused, less stressful because we can now involve more people than we used to and by far more grateful that you have not only joined us but that we are chose by God for this reason. What better confirmation do we need? Thank you for doing this and we know for sure that "your reward in the Lord will never go in vain".

Thank You! We wish you a very happy new year and a prosperous 2020.
