

# WAMMP Review of 2021

## West Africa Mission Mobilization Project

### Adult Literacy Program launch!

#### An educator's hope for the nations

One of the greatest needs and one of the truest burdens of our hearts has been the rampant illiteracy in the West African countries we serve. Several years ago, we met a couple who are innovative educators in the state of California. We were brought together by God's providence and in 2021 began working together with our ministry partners in West Africa to begin to meet that need.

Using the Bible as our textbook, we endeavored to employ a unique method of teaching literacy in Sierra Leone among a population that uses English as their 3<sup>rd</sup> language. Excitement was hard to contain as many of the students were reading - and understanding what they were reading for the first time in their adult lives!

The adult literacy program launched into another community in Sierra Leone, then again into a village in Ghana. We were excited to learn that some of the students in the Ghanaian village were even coming from the Fulani encampment nearby.

Now, as we begin 2022, we are exploring the feasibility of launching the adult literacy program among 300 mission stations in Nigeria which are also among the Fulani. May the hearts of the Fulani be drawn to our humble Shepherd, Jesus Christ!

All that is needed to learn to read, write, and understand what you read and write – a notebook, pen, and blackboard!

## Kono Outreach

A vibrant church fellowship has been established in eastern Sierra Leone as a result of persistent outreach in 2021 led by Pastor Andrew Bendu. Assisted by Pastor Samuel and ministry assistant Thomas, this church continues to grow under the sound, exponential teaching of the Word of God.

## Agape Feast 2021

Each year, the Calvary Chapel churches in Sierra Leone host an Agape Fest in December as a “love offering” to their communities. Hundreds come together to hear testimonies, see a Biblical drama performed, and hear the Gospel. A hot meal is shared while the community forms bonds of friendship even across spiritual differences.

## Reaching the Unreached

God is on the move across the Sahel, or “belt” of Africa! In the Upper east Region of Ghana, and to a greater extent in the northern region of Nigeria, the unreached Fulani are surrendering their lives to Jesus as Lord and Savior. Please pray with us that the Lord will continue to soften their hearts and reveal His gospel of PEACE to this nomadic people.

## Hedges of Mercy

This year Hedges of Mercy made remarkable progress on the Safe Haven compound! The buildings are going up and water is now available on the property. The work in the mission fields is also making exciting progress as hundreds of missionaries commit to bring the Good News of Jesus Christ in spite of harsh persecution.
